

BCProteomicsNetwork

BC Proteomics Network Proteomics Training Workshops

The BC Proteomics Network is hosting 3 proteomics training workshops prior to the HUPO 2015 World Congress

- **Post-Translational Modification**
(phosphorylation, ubiquitination, glycosylation, TAILS N-terminomics)
- **Multiple Reaction Monitoring**
- **Multiplexed MALDI Imaging**

Dates: September 25 & 26, 2015
Locations: University of British Columbia
Simon Fraser University
UVic Genome BC Proteomics Centre

For more information and to register for these workshops,
please visit <http://www.bcpn.ca>

We wish to thank all of our sponsors for supporting these events
